

Pista Track 48V Recessed

Overview

A very thin magnetic track rail, Pista Track 48V Recessed brings together miniaturization and personalisation. A slender line with trim on the ceiling or wall. Play with different modules on single or multiple track rails in different lengths and colors, spots, pendant lights and more!

General Information

General

- Profile finish: powder coat
- Profile is secured to the ceiling with jackscrews & mounting brackets (included, see Track Profile section)
- Dry locations only
- Spot and linear fixtures available, see separate datasheets for detailed information
- Upon insertion, fixtures attach magnetically to the Track Profile or lock into the Track Profile
- Fixtures can be moved in the Track Profile by sliding

Electrical

- UL Class 2 only
- Input: 48V DC (see Power Supply section)
- Circuits: 1 circuit + data bus
- Maximum 100W per track circuit
- Dimming: 0-10V or DALI (specified separately in the fixture)

Finish Information

Black Structure (BLS)
Powder Coat (Matte)

White Structure (WHS)
Powder Coat (Matte)

Components & Configuration

- See following pages for detailed component and ordering information

Pista Track 48V Recessed

Track Profile Specifications

- For recessed ceiling or wall installation
- Profile finish: powder coat
- Available lengths: 39.4", 78.7" & 118.1" (can be field cut)
- Jackscrews & mounting brackets are included with the Track Profile
- Power supplies and accessories are ordered separately
- Maximum load = 22lb (10kg) for profile length ≤ 39" (1m)
- Add 11lb (5kg) to the maximum load for each additional profile length of 39" (1m)
- When connecting multiple profiles, the "groove" should always be on the same side
- Weight: 0.7lbs/ft

Pista Track 48V Recessed

Power Supply Specifications - Remote Drivers

- Class 2 constant voltage power supply
- Must be combined with Power Feed (specify at the bottom of the page)
- For cabinet and surface mount use only
- 4 mounting holes for surface mounting
- 4 knockout holes for line voltage wiring (input)
- 4 knockout holes for low voltage wiring (output)
- May be placed up to 50ft away from track using 16AWG wire
- Maximum load: 90% of rated power
- Power factor: > 0.9
- Dry locations only
- Weight: 1.4lbs

Electrical Specifications & Ordering Information

Ordering Code	Input	Output	Finish	Quantity (pcs)
PISTA-T48V-LEDPWRSUPPLY-60W-DY	120-277VAC - 50/60Hz	48VDC - 60W	n/a	
PISTA-T48V-LEDPWRSUPPLY-96W-DY	120-277VAC - 50/60Hz	48VDC - 96W	n/a	

Track Accessories Specifications - Power Feed Connectors

- Used to supply power to the track
- "Groove" side is the difference between Power Feed Left & Right
- Left or Right does not matter if in the middle of the track
- For use with 16-18AWG wire
- Weight: 0.1lbs

Power Feed Left

Power Feed Left - Groove Orientation

Power Feed Right

Power Feed Right - Groove Orientation

Track Accessories Specifications - Track Connectors

180° Connection

- Connects 2 tracks in the same direction (in the same plane)
- Contains mechanical connection and adapter for electrical continuity
- Can not be used to supply power to the track
- Weight: 0.1lbs

90° Connection Inside

- Connects 2 tracks at a 90° angle (in the same plane)
- Contains mechanical connection and adapter for electrical continuity
- "Groove" is on the inside of the connection
- Can not be used to supply power to the track
- Weight: 0.2lbs

90° Connection Outside

- Connects 2 tracks at a 90° angle (in the same plane)
- Contains mechanical connection and adapter for electrical continuity
- "Groove" is on the outside of the connection
- Can not be used to supply power to the track
- Weight: 0.2lbs

Pista Track 48V Recessed

Control Accessories Specifications - Casambi Wireless Control

Casambi Dim Module

- Utilizes Bluetooth Low Energy Wireless Mesh (no control wires required)
- For individual/discrete fixture control (requires fixtures to be DALI dimmable)
- Connect up to 64 DALI track 48V fixtures to one dim module
- Not to be connected to an existing DALI network
- Only use as independent system
- Contact customer service for the latest configuration & setup documentation
- Weight: 0.1lbs

Casambi Wireless Switch

- Range: up to 164ft in open air
- Weight: 0.2lbs
