Modular Lighting Instruments and the REACH Regulation:

Product:

**EXTRUDED**

Since 1<sup>st</sup> of June 2007 the European REACH law is effective. REACH is a European Community Regulation on chemicals and their safe use (EC 1907/2006). It deals with the Registration, Evaluation, Authorization and Restriction of Chemical substances. The aim of REACH is to improve the protection of human health and the environment through the better and earlier identification of the intrinsic properties of chemical substances.
